

Our Mission

We are a caring community dedicated to developing lifelong learners who maximize their individual potential and are responsible, respectful citizens. The Hunt community will provide a quality environment that involves students, parents, and teachers in the education process.

Principal's Message

Hunt Elementary School – Home of the Highlanders - is a place where students partner with their teachers to understand how to be their best advocates for learning in a safe and welcoming environment. We promote a ‘Learning To Learn’ attitude by way of AVID. As an “Advancement Via Individual Determination” (AVID) Elementary School, we support students and their unique academic needs through the use of proven strategies including organization, note taking, and inquiry (the art of asking questions). Coupled with positive relationship building, performance data, and student responses, Hunt teachers and staff go above and beyond to help each child master essential academic skills, grow strong character, and develop independence on the road to college and career readiness.

Parent Feedback

At Hunt Elementary, we are a school family. Partnering with our community benefits everyone and promotes student learning. We employ all avenues of communication available to us – Edline Website with school and classroom pages, social media websites like Facebook and online text messaging tools, Blackboard voice and email messages, and the old fashioned face-to-face interactions at every opportunity. We encourage all parents/guardians to be as involved as possible by volunteering in and out of the classroom, joining PTA, attending school events, and communicating regularly with their child’s teacher. There are endless ways community members can become involved at Hunt Elementary – if you have time, there is a place for you at Hunt Elementary.

Families and the community are vital to the success of our students. You are invited to become an active part of our school. Your involvement will help children understand how important education is, you will serve as a role model, teach children that your input is appreciated, increase your understanding of the school system and help to improve and enhance each student’s educational experience. If you would like to become involved, please contact our school office.
